DIY (Do-it-Yourself) Lowell is a grassroots group dedicated to helping community members make small-scale projects and events happen together. We connect people with ideas to funding, technical assistance, and—most importantly—to one another. Each year, we ask people in Lowell for community project ideas. The winning ideas are discussed at a summit in mid-summer, and following the summit, DIY Lowell assists adults and youths on the Project Teams in making the projects happen.

The Executive Director will be the Chief Executive Officer of DIY Lowell. This is a new position with the opportunity to help our small organization grow and become sustainable. This is a 1099 (Contract) position, but the Committee intends to pursue 501(c)(3) nonprofit designation in partnership with the Executive Director. When the organization achieves that status, the Executive Director position would become a W2 (employee) position.**
